Subjects

Abuse
  addressing violence and in nursing curriculum, 130
Academic environment
  culturally competent care and, 6
  for minority students in predominantly white nursing schools, 10-11
Academic misconduct
  among nursing students, 278-288
Academic performance
  model for intervention and predicting success on NCLEX-RN, 57-60
Academic setting(s), *see* School(s) of nursing
Accountability
  knowledge and presence as seen by nurses and surgical patients, 177-185
Acquired immunodeficiency syndrome (AIDS)
  providing global prevention programs, 269
Administration, nursing service
  supporting education programs in, 199
Administration, school of nursing
  department chair position, 77-83
  department head's position, 329-330
  mandate for change in nursing education leadership, 335-341
Admission requirements
  graduate record examination for graduate nursing programs, 289-296
Advance directives
  considerations for decisions at the end of life, 22-37
Advanced practice
  scope of practice in nursing centers, 84-90
Advocacy
  expanding role of nurses in for patients/consumers, 197
AIDS, *see* Acquired immunodeficiency syndrome
Alma-Ata
  attaining the WHO declaration made at, 4
American Association of Colleges of Nursing (AACN)
  evolution of, 265-266
  position paper on future changes in master's degree education, 71-76
American Nurses' Association (ANA)
  efforts toward professionalism compared with those of boards of nursing, 319-325
  view on nursing's agenda for health care reform, 71-76
Anger
  reframing anger to cope with changes due to health care reform, 333
Approach/avoidance
  faculty behavior, 195-196
Assisted suicide
  nursing and the euthanasia debate, 5
Associate degree program(s)
  state requirements for preparation of faculty, 99-100

Baccalaureate degree program(s)
  career patterns among nurses from generic, 297-306
  career patterns among nurses from postdiploma, 297-306
  implications of RNs preferences for continuing education, 228-235
  implications of cross-validation of NCLEX-RN success prediction, 255-260
  Integrated Skills Reinforcement in nursing course in, 164-176
  lived experiences at Regents College Nursing Program, 244-254
  rules and regulations governing, 97-104
Baccalaureate degree program(s), RN to BSN
  lived experiences of nurses in Regents College Nursing Program, 244-254
Benefit/burden analysis
  and ethical considerations at the end of life, 28-30
Biomedical research
  increasing minority participation in, 13-21
Boards of nursing
  composition and structure of, 321-322
  in evolution of nursing profession, 319-325
  powers and functions of, 322-323

relationship to conflict of interest in the academic setting, 91-96
Interactive seminar(s)
and voluntary HIV testing in drug dependence treatment unit, 313-318
Interactive television
faculty perceptions of teaching on television, 307-312
Interdisciplinary collaboration
comprehensive primary health care delivery model, 201-208
in Medical Outcomes Study, 209-216
resource exchange network for gerontological nursing program, 186-190
International nursing
AIDS and dilemma of prevention, 269
Alma-Ata at last, 4
North American Free Trade Agreement effects on, 128
Intervention(s), nursing
decision making in clinical practice regarding, 154-163
Nursing Interventions Classification, 332
Intravenous drug user(s)
interactive seminars and voluntary HIV testing in a drug dependence treatment unit, 313-318

Job satisfaction
career patterns among nurses from three types of educational programs, 297-306
Journal of Professional Nursing
impact of AACN and, 265-255
retrospective on first ten years of, 123-126

Journals, clinical nursing
reporting of instrument validity and reliability in, 47-56

Knowledge
accountability as described by nurses and surgical patients, 177-185
Knowledge development
professionalism and evolution of nursing, 361-362

Language
as barrier to recruiting and retaining men in nursing, 222-223
Leadership
career aspirations of nurse faculty middle managers, 147-153
challenge of ethical leadership in nursing, 270
department chair position, 77-83
mandate for change in nursing education, 335-341
Legal issues
effects of politics and ethics in nursing on education, 129
euthanasia debate and nursing, 5
legislation and ethical conflict in long-term care, 271-277
Legislation
as answer to ethical conflict in long-term care, 271-277
Licensure
model for intervention and predicting success on NCLEX-RN, 57-60
predicting NCLEX-RN performance and cross-validating classification procedure, 255-260
Litigation
between faculty members, 196
Long-term care
ethical conflict and legislation in, 271-277
model for community of caring, 271-277

Male nurse(s), *see* Men, in nursing
Management, academic
career aspirations of nurse faculty middle managers, 147-153
department chairperson role, 77-83
department head role, 329-330
Management, nursing service
constructivism and nursing work groups, 38-46
Manager(s), nurse
career aspirations of nurse faculty middle managers, 147-153
constructivism and nursing work groups, 38-46
Marketing
of comprehensive community nursing center, 131-139
of new gerontological nursing program, 186-190
Master's degree program(s)
comparing role behaviors of master's and non-master's prepared, 350-356
effects of health care reform on, 71-76
facilitators and barriers for minority students in, 140-146

preferences of RNs desiring academic credit-bearing continuing education, 229-235
resource exchange model for supporting gerontological nursing program, 186-190
Medical effectiveness research
expanding the scope of, 212
see also Medical Outcomes Study
Medical Outcomes Study
applications to nursing practice, 213-214
framework analysis, 210-212
nursing perspective on, 209-216
overview of, 209-210
Men, in nursing
current perceptions and experiences of, 219-220
history of, 267
in the Byzantine Empire, 127
language as barrier to, 222-223
recruiting and retaining, 217-228
role of nursing education, 221-222
role strain and tokenism, 220-221
societal perceptions of, 221
threat of male domination, 223-225
Mentor(s)
avoiding conflicts of interest in academic settings, 95
Mexico, nursing in
effects of North American Free Trade Agreement on, 128
Middle manager(s), nurse faculty
career aspirations to higher leadership positions, 147-153
Midwives, certified nurse
and scope of practice in nursing centers, 86-87
Minority Biomedical Research Support project
overview of, 13-21
programmatic concerns and issues, 19-20
project description, 15-16
results of, 18
student training, 16-18
Minority faculty
enhancing presence of in successful programs, 8-9
improving academic environment for in predominantly white schools, 10-11
responsibilities of, 9-10
statistics on in higher education, 8
strategies for increasing in higher education, 7-12
Minority student(s)
facilitators and barriers for in master's programs, 140-146
graduate record examination as barrier for, 290-291
increasing participation in biomedical and nursing research, 13-21
Motivational theory
and academic misconduct among nursing students, 278-288
Multivariate method(s)
investigating academic misconduct among nursing students, 278-288

NANDA, *see* North American Nursing Diagnosis Association

National Council Licensure Examination for Registered Nurses (NCLEX-RN)
model for intervention and predicting success on, 57-60
predicting performance and cross-validating classification procedure, 255-260
Native Americans
increasing minority participation in biomedical and nursing research, 13-21

interactive seminars and voluntary HIV testing in drug dependence treatment unit, 313-318
Minority Biomedical Research Support project, 13-21
model for intervention and predicting success on NCLEX-RN, 57-60
organizational effectiveness and accountability of collegiate nursing schools, 105-112
organizational climate, communication, and role strain in clinical nursing faculty, 113-119
preferences of RNs desiring academic credit-bearing continuing education, 229-235
role socialization of graduating student nurses, 342-349
rules and regulations governing nursing education, 97-104
Resource network
for gerontological nursing program, 186-190
Resource(s)
organizational effectiveness and accountability of collegiate schools of nursing, 105-112
Retention
of men in nursing, 217-228
of minority graduate students, 145
Revenue
comprehensive community nursing center model to maximize, 131-139
Right to die, patient's
ethical considerations for decisions at the end of life, 22-37
Rogers, Martha E.
contributions to professionalizing of nursing, 268
Role obligation(s)
conflicts in nurse educators', 236-243
Role socialization
impact of nursing practicum on, 342-349
of graduating student nurses, 342-349

Role strain
and organizational climate and communication in clinical nursing faculty, 113-119
and tokenism felt by male nurses, 220-221
Rule(s)
and regulations governing nursing education, 97-104

Scholarship, faculty
dean's view on facilitating, 198
faculty's perspective on, 198
School(s) of nursing
community nursing center at University of Rochester, 131-139
conflict of interest and integrity in, 91-96
culturally competent care and environment at, 6
East Tennessee State University's primary health care delivery model, 201-208
graduate record examination as admission requirement at SUNY Buffalo, 291-292
improving academic environment for minorities in predominantly white, 10-11
mandate for changes within the academic organization, 338-348
organizational effectiveness and accountability, 105-112
state board rules and regulations governing, 97-104
Science, nursing
research replication and development of, 70
Seminar(s), interactive
and voluntary HIV testing in a drug dependence treatment unit, 313-318
Service, nursing
implications of comprehensive primary care delivery model for, 207
see also Clinical practice
Skilled nursing facilities
legislation and ethical conflict in, 271-277
Social constructivism, *see* Constructivism
Socialization, role
impact of nursing practicum on graduating students', 342-349
Standardized test(s)
graduate record examination as admission requirement, 289-296
State Board of Nurse Examiners
qualifications of members of, 99
role of, 100
rules and regulations governing nursing education, 97-104
State boards of nursing
compared with professional association, 319-325
composition and structure, 321-322
powers and function, 322-323
role in evolution of nursing profession, 319-325
State University of New York (SUNY) at Buffalo
graduate record examination as admission requirement to, 291-292
Stress
Lazarus' theory of and RN experiences, 252-253
lived experiences of nurses in Regents College Nursing Program, 244-254
Student(s), nursing
academic misconduct among, 278-288
conflicts in nurse educators' obligations to patients and, 236-243
improving communications skills of, 164-176
lived experiences of nurses at Regents College Nursing Program, 244-254
remembering students who died, 65-66
role socialization of graduating, 342-349
Suicide, assisted
nursing and the euthanasia debate, 5

Teaching approach(es)
faculty perceptions of teaching on television, 307-312
Integrated Skills Reinforcement, 164-176
using interactive television, 307-312
Television
faculty perceptions of teaching on, 307-312
Tokenism
as felt by male nurses, 220-221
Treatment abatement
ethical considerations for decisions at the end of life, 22-37

Undergraduate nursing program(s)
as facilitator for minority students in master's programs, 143
preferences of RNs desiring academic credit-bearing continuing education, 229-235
University of Rochester School of Nursing
comprehensive community nursing center model, 131-139

Validity
construct, 49
content, 49
criterion-related, 49
face, 49
reporting of instrument reliability and in clinical nursing journals, 47-56
types of, 49
